WELCOME

Welcome to our on-trade brochure for 2024/25.

Some recent changes
Venus was founded in 1975 and continues to be a business that is focused on delivering the very best range of products and service to our customers, this we believe makes us a little bit different in a crowded drinks market.

In June 2024 Booker became the new owners of Venus, and I am privileged to be leading the business. The Booker business brings a nationwide network and expertise that will complement our intense focus on service to help us grow and develop. Our immediate focus is business as usual, and we will keep you updated of our plans in the coming months.

Our Network
Our latest depot in Bristol opened in October 2023 and now serves our growing account base in the Southwest of England and Wales. We can now deliver further afield in our own vehicles which will increase our industry leading service levels further. The Booker network creates opportunities for geographical expansion, and we will ensure we keep creating opportunities to grow. Please do get in touch if you have an account in our existing areas of Bristol, Leeds and London. We will publish on our website the new area's that we open during the year.

Range
We are proud to offer one of the widest product ranges in the UK, including over 2,000 Spirits, a large selection of Wines, Champagnes and Soft Drinks alongside Craft, Keg and Packaged Lagers, Ciders and Ales. With our dedicated buying team, we continue to be at the forefront for listing new products being introduced into the UK market.

Price
We are committed to supporting our customers and understand the current pressures that are being faced. We are working with our colleagues at Booker to ensure we offer excellent value all year round.

Spirits Specialists
Spirits are our speciality and with new products listed weekly, we are always one-step ahead of market trends. We have seen particularly strong sales in the Rum, Tequila and non-alcoholic categories this year and have expanded these ranges in line with the growing demand. We also have the luxury of owning Gerry's retail shop in Soho, which is one of the most famous Spirit shops in the country and a great testing ground for new products.

Wines
Our already solid platform of Wines from both the old and new world has been consolidated and improved but we continually seek more competitive and interesting products to add to the range. Wine is an important part of our future plans and therefore tastings and training are always available from our Wine team who are committed to offering the very best range and service.

Tailored Customer Support Packages
Due to our strong relationships with all of our suppliers, and our own expertise in the marketplace, we are able to offer exceptional support packages that can include incentives, promotions, staff training and customer events.

Fleet
Managing our own fleet, as well as distribution depots in London, Leeds and now Bristol, alongside partner courier services enables us to deliver seamlessly across the country. We believe that our delivery service level is unrivalled within the industry, and we pride ourselves on delivering on time and in full with every delivery we make.

Venus are a truly composite supplier to the On-Trade Market and this, combined with our highly regarded service levels and new ownership under Booker, enables us to be the supplier of choice to premium on-trade outlets in the UK. As such we would like to thank all of our valued customers for your continued custom, support and loyalty, and we look forward to welcoming new customers to our family.

GIN MARE
MEDITERRANEAN GIN

OUR HISTORY

In an old fishing village just outside of Barcelona, lies an 18th century chapel that houses a custom-made still in which Gin Mare was first created, inspired not only by local botanicals and flavours but by the rhythms and culture of its location.

The chapel and its still continue to stand proudly at the entrance of the distillery, welcoming visitors and inviting them to experience the Mediterranean culture of gastronomy, drinks and a gentle pace of lie under the sun.

OUR BRAND DNA

Gin Mare has distilled and bottled the Mediterranean to export it to the world, inspiring consumers to taste life in a different way, based on the Mediterranean values of hospitality, gastronomy, nature and connection.

OUR BOTANICALS

ARBEQUINA OLIVES · THYME · BASIL · ROSEMARY

OUR MEDITERRANEAN GIN & TONIC:

AROMATIC SAVORY HERBAL CITRUS

50ml Gin Mare
Top with tonic water
Garnish with a twist of orange
& a sprig of rosemary

MEDITERRANEAN IS MORE THAN A PLACE, IT'S AN ATTITUDE

A robust, muscular whisky with hoards of exotic fruits – a malt that defies the typical Speyside characteristic.

CASK TYPE

Initially matured in a mixture of ex-Bourbon and ex-Sherry casks. 50% of the 'blend' is then finished in first-fill Sherry casks, the rest in first-fill Bourbon.

A STEADFAST DRAM

All Craigellachie expressions are non-chill filtered, contain no caramel colouring and are bottled at 46% ABV.

HELLO BOURBON

HISTORY

Inspired by bourbon's history, the art of making fine bourbon whiskey first took place on the Woodford Reserve distillery site, a national historic landmark, in 1812. The history of bourbon is interlinked to the history of Kentucky and the United States. It is truely a national spirit. The keys to making the world's finest bourbon are not only the timy and patience, but the science and artistry - all of which are encapsulated by Woodford Reserve, born in 1996, The liquid, distillery and all associated with Woodford Reserve can be summed up in one sentence - a labour of love, and a spectacle for the senses.

EXPLORE ILEGAL MEZCAL.

MEZCAL VS TEQUILA | WHAT'S THE DIFFERENCE?

Tequila and Mezcal are spirits produced from agave plants. In fact, because all spirits distilled from agave plants are 'mezcal' technically Tequila is a type of Mezcal.

These two agave spirits are thought of as interchangeable, but each has unique characteristics that result in different flavours and experiences. The easiest way to remember the differences between Mezcal vs Tequila is the Three P's:

PLACE Both are from Mexico, but Tequila is primarily produced in Jalisco, while Mezcal can be made in many states across Mexico. However, most Mezcal you'll see in the U.S. is made in Oaxaca, about 80%, including Ilegal Mezcal.

PLANT Tequila can only be made from Blue Weber agave, while Mezcal is made from a large variety of agaves, the most popular being Espadín agave.

PROCESS Tequila is generally cooked with steam above ground, while Mezcal is roasted over a fire in earthen pits. Also, while Tequila is typically made in large quantities, Mezcal is nearly always made in small batches.
